

Concert Property Wins Several Awards

CONCERT PROPERTIES LTD. has once again taken top honours at the Canadian Home Builders' Association's National SAM Awards, announced at the CHBA's 62nd National Conference in St. John's, Newfoundland on March 5, 2005.

For the second year in a row, an independent panel of judges has awarded Concert the Canadian home building industry's highest honour: the coveted Grand SAM Award. The award was presented to Concert for outstanding performance in both the building and marketing of 'StoneCliff,' Concert's landmark luxury condominium development on the slopes of West Vancouver.

The StoneCliff project also won awards for marketing excellence, best project signage and logo. A fourth award was presented to Concert in the multi-family housing project category, as StoneCliff was named best project over four storeys.

These SAM Awards add to what has been another award-winning year for Concert. Just last month, the company was awarded the coveted Gold Georgie for Best Residential Development in B.C. at the 13th Annual Georgie Awards. StoneCliff also took top honours for best brochure.

The Georgie Awards, named after Capt. George Vancouver and organized by the B.C. chapter of the Canadian Home Builders' Association, recognize the best in British Columbia's housing industry. **CB**

Concert Properties received the Grand SAM Award from the Canadian Home Builders' Association for the building and marketing of Stonecliff (pictured), a landmark luxury condominium development on the slopes of West Vancouver.
