

Tapestry at Village Gate West

Breaking new ground in desirable Central Etobicoke

While exploring the future of retirement housing in Toronto, one new development is sure to make a major impact. A striking architectural building, Tapestry at Village Gate West has been designed to provide a high-end, resort-style atmosphere for a new generation of active adults.

Opened in April 2008, the 11-storey concrete building represents a new and exciting housing option for Toronto seniors. Beautifully situated in a diverse, master-planned neighbourhood in desirable central Etobicoke, Tapestry at Village Gate West is only steps from the charming hub of the historic Village of Islington and minutes from downtown Toronto. With public transportation just outside, residents have easy access to nearby shopping, area golf courses, and a multitude of recreational activities.

The developer, Concert Properties Ltd., co-owns Tapestry at Village Gate West with Ontario Municipal Employees Retirement System (OMERS) and Sun Life Financial. Seattle-based Leisure Care provides management for the new community, and has a strong reputation in the retirement housing industry for creating outstanding living environments for seniors.

Tapestry at Village Gate West includes 168 one- and two-bedroom suites, with some apartments offering over 1,000 square feet of living space. Along with an impressive common area decor, these spacious suites feel just like living in your own home, with full kitchens that include refrigerators, dishwashers and maple cabinetry. All suites have individual climate control heating and air conditioning, and many have balconies. Prices range from \$2,980 to \$6,500 per month, including à la carte dining options, weekly housekeeping, cable television, utilities, and a full range of activities and programs to meet your interests.
