

VIEW FROM ON HIGH

The four Penthouse Collection Suites in Concert Properties' Patina highrise offer the ultimate in luxurious appointments – and with 15 Signature Suites are among Patina's final release, now on the market for the first time.

Rising 42 storeys on Barclay Street, adjacent to the new state-of-the-art Robert Lee YMCA, is Concert Properties' latest signature property, Patina.

The Penthouse Collection Suites are custom-designed by Scott Trepp Design Inc., says Rod Wilburn, Concert's senior vice-president, sales and marketing. The English Bay suite is a luxurious 2,737-square-foot three-bedroom plus media room penthouse, one of four Penthouse Collection suites that have not been offered for sale until now.

Far above most of the neighbouring buildings, each suite offers sweeping

views of the West End, ocean, North Shore mountains and the dramatic cityscape.

For a cool \$4.1 million, Penthouse 4101 can be yours. This spectacular suite, styled by BBA Design Consultants Inc., is offered complete, including top quality Italian contemporary furnishings, master millwork, high-end European appliances, as well as stunning art and accessories.

Patina is Concert's latest completed signature building in Vancouver. Patina offers residents unmatched access to the best of downtown living and exceptional views in all directions. Situated literally

at the centre of the downtown peninsula, Patina provides a sophisticated and refined high-quality city home for those who appreciate the vibrant nature of downtown Vancouver and understand the long-term real estate investment that Patina offers – quite possibly one of the last new highrises in the prime downtown core.

The Patina final release includes 15 Signature Suites and four Penthouse Collection Suites. For more information, visit www.DiscoverPatina.com or telephone 604-675-9600. The sales office is located at 3605 - 1028 Barclay Street. For an expanded gallery of photos go to www.homesanddesign.ca ■
